# About Us

Excellence in design and a rigorous approach to quality have given Austral Lock a reputation for reliability in premium security hardware for both doors and windows.

Founded in 1982, Austral Lock is a manufacturer specialising in premium security hardware for both doors and windows. With manufacturing, storage and development facilities in the Melbourne region, Austral Lock is one of few manufacturers in the industry that is still proudly Australian made. Austral Lock is committed to producing the finest quality product possible. Our commitment to research and development ensures higher quality, better techniques and continuous improvement. Emphasis is placed not only on function of product, but also ease of installation and the product durability.

Austral Lock is a part of the Allegion family of brands, which also includes API, Brio, FSH, Gainsborough, Legge and Schlage.

## Colours

All Austral Lock products are available in the wide range of powder coated colours listed below. Special colours (SP) beyond this range are also available, please contact Austral Lock directly regarding this as special conditions and fees apply. Special colours which do not incur an additional fee or conditions are listed below. The colours on this chart are as close to the actual colours as printing allows, they should be used only as an approximation of the actual powder coated colours. Samples are available on request.

# SD9 Horizon

## Sliding Security Screen Door Lock

Introducing the NEW SD9 Horizon featuring a stainless steel catch plate and beak to provide increased jemmy resistance. This can be further strengthened when used in combination with a multi point kit to create a triple lock solution. The SD9 Horizon's modern styling compliments the Yarra Horizon range of patio sliding locks to create a harmonized aesthetic between the two.

Manufactured from high purity zinc alloy, the SD9 Horizon sliding security door lock is suitable for both residential and commercial applications.

### Product Features

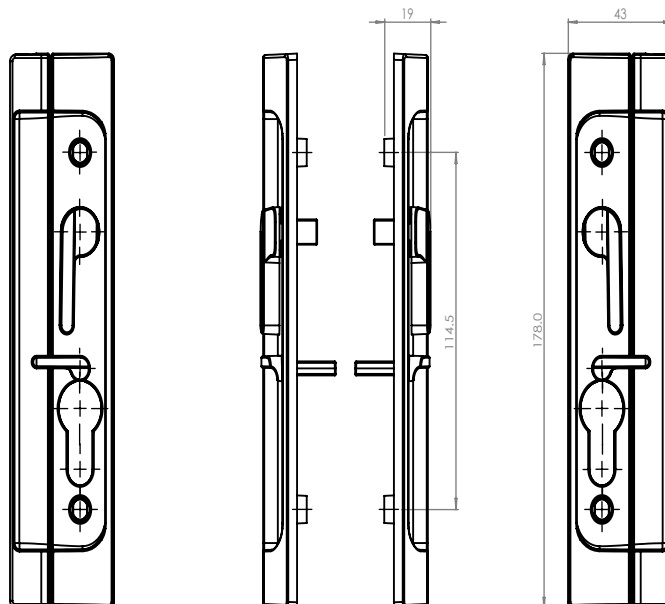

- ✓ Stainless steel beak and catch plate as a standard feature for superior performance
- ✓ Contemporary slim design that matches the Yarra Horizon patio door lock which creates a perfectly matched suite of sliding door hardware for aluminum doors
- ✓ Fixing screws only accessible from the inside, providing enhanced security
- ✓ Self latching lock bolt engages automatically when the door is closed
- ✓ Anti-lift pin on the catch plate engages lock body to prevent the door being lifted out of its tracks
- ✓ Combine with multipoint kits to create a triple lock for extra strength and resistance to jemmy
- ✓ Available in a range of powder coat finishes (refer to pg. 2)
- ✓ Redesigned interior snib for easy installation and keyless locking
- ✓ Easy installation for both new and retrofit applications
- ✓ Fits into industry standard door cut outs
- ✓ Suits Aluminium door frames 19mm to 25mm thick
- ✓ Suits both left and right doors
- ✓ Designed and manufactured in Australia
- ✓ 7 year limited tarnish resistant and 10 year limited mechanical guarantee
- ✓ Detailed installation instructions can be downloaded from [www.ausloc.com](http://www.ausloc.com)
- ✓ Suitable for both pin and wafer cylinders
