A division of

*Gainsborough*

# ELEGANCE XC

for hinged swing doors

- **Interior snib lever** for quick and convenient locking without the need for a key.
- The **jemmy resistant strike plate** deforms under attack and remains engaged with the bolt for better security.
- A **notch in the latch bolt** engages a profiled strike plate aperture to provide greater resistance to forced entry.
- **Multipoint kits** are available for three point locking.
- Optional '**Fat Pack**' to install into doors 35mm-40mm thick.
- Available in a **wide range of colours**.
- **Australian** design and manufacture.

For more information go to [www.ausloc.com](http://www.ausloc.com)

# ULTIMATE

for hinged swing doors

- **Caretaker** one way locking enables a house to be locked from the outside knowing that remaining occupants can escape quickly without finding a key.
- **Interior snib lever** for quick and convenient locking without the need for a key.
- The **jemmy resistant strike plate** deforms under attack and remains engaged with the bolt for better security.
- A **pivoting latch bolt** hooks in behind a profiled strike plate to provide greater resistance to forced entry.
- **Multipoint kits** are available for three point locking.
- Available in a **wide range of colours**.
- **Australian** design and manufacture.

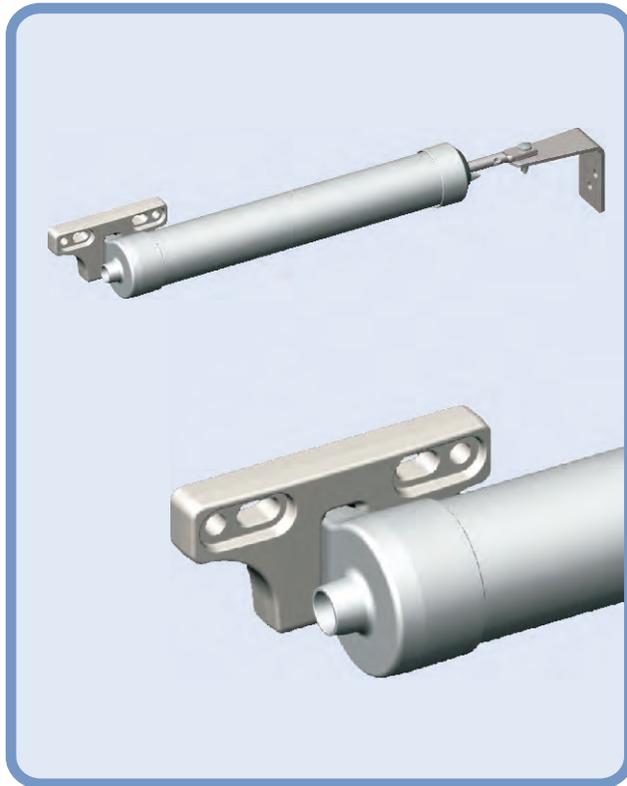

Caretaker  
feature

# DOOR CLOSER

for hinged swing doors

- **Adjustable** closing speed.
- **Reliable and robust** all metal construction.
- New '**extra-strength**' door bracket and end cap.
- **Fitting tool** included for easy installation.
- Available in a **wide range of colours**.
- **Australian** design and manufacture.

**Standard** door closer for doors up to **18kg**

**Heavy Duty** door closer for doors up to **26kg**

For more information go to [www.ausloc.com](http://www.ausloc.com)

# SD 7

for sliding doors

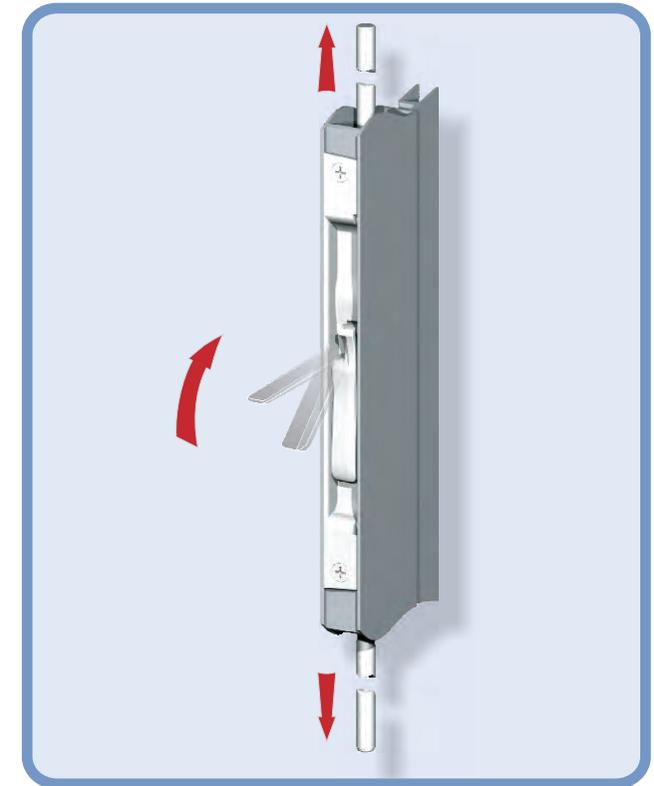

- **Self-latching lock bolt** engages automatically when the door is closed.
- **Anti-lift pin** on catch plate engages the lock body to prevent the sliding door being lifted out of its tracks.
- **Interior snib** locking feature.
- **Multipoint kits** are available for three point locking.
- Optional '**Fat Pack**' to install into doors 35mm-40mm thick.
- Available in a **wide range of colours**.
- **Australian** design and manufacture.

For more information go to [www.ausloc.com](http://www.ausloc.com)

# FLUSHBOLT

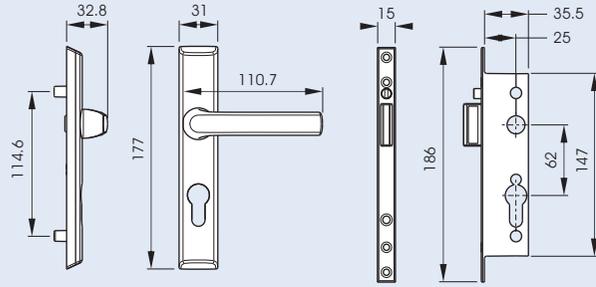

for double doors

- **Single lever** provides double bolt locking.
- **Lever is conveniently located** near the center of the door so there is no need to bend down or reach up.
- **Two-stage bolt activation** for ease of use.
- **Solid steel tips** for strength and security.
- **20mm bolt throw**.
- **Each connecting rod is 1500mm long** and can be easily cut to length during installation.
- **Australian** design and manufacture.
