

# Virtus Four Point Mortice Lock

The Austral Virtus Four Point lock is a reliable locking solution for aluminium doors. Designed and developed to Australian Standards, the Austral four point lock is a secure solution, offering a locking latch and 13mm and 22mm deadbolt. The shootbolts throw 17mm by lifting the lever and retract when the lever is pushed down. The lock is compatible with standard fixed cam Euro profile cylinders and achieves Security level S8 and Durability level D8 to AS4145: 2008.2

## Features

- Provides four points of locking: latch, deadbolt, and top/bottom shootbolts
- Deadbolt can be used in 13mm or 22mm throw without adjustment to the lock
- Deadbolt returns from both 13mm and 22mm states with one turn of the cylinder
- 30mm, 40mm, and 60mm backset options
- Easy latch handing
- Adjustable latch projection
- Compatible with standard fixed cam Euro profile cylinders
- Employs the same door preparation as the Austral Virtus Two Point Lock
- Fixing tabs and a narrower (22mm wide) and shorter (230mm long) face plate with radius corners available for easy flush mount installation
- Sliding snib feature allows users to put the lock into privacy mode when using compatible furniture
