Austral Lock
BY GAINSBOROUGH

40
years
of Australian
Manufacturing

Austral Lock by Gainsborough, proudly Australian for over 40 years.

Established in Melbourne in 1982, Austral Lock is proud to celebrate 40 years of Australian manufacturing and patented innovation. Beginning as a small family-owned business, over the decades, Austral Lock has grown into an innovative and quality-oriented business, supplying hardware to all corners of Australia. Today it is one of only a few in the window and door industry still designing and manufacturing in Australia.

In 2009, Austral Lock was incorporated into the Gainsborough Hardware brand and is now part of the global leader in security – Allegion. Allegion's family of brands includes other Australian market leaders like API, Brio, FSH, Gainsborough Hardware, Legge and Schlage.

Excellence in design and a rigorous approach to quality means Austral Lock products are often imitated but never copied.

Colour inspiration, the Australian way

Whether you're inspired by a Deep Pool Turquoise or Lobster Red Austral can colour match our security hardware to your project.

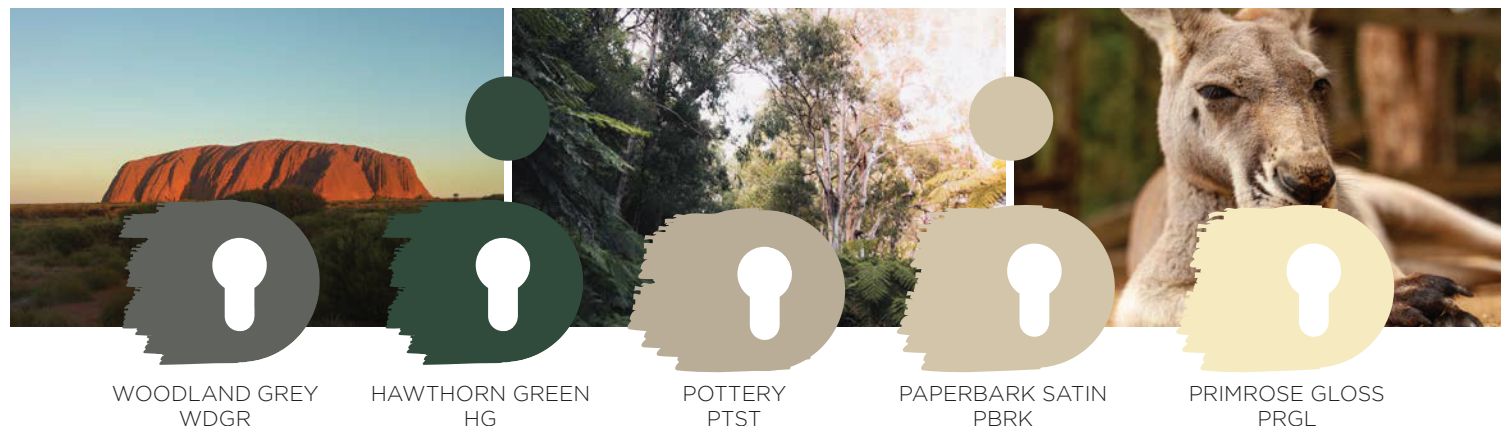

Austral Locks' purpose built facility in Brooklyn, allows the team to respond to special colour orders within 7 days, ensuring you have the right colour to reflect your Australian way.

Over 200 colours to choose from with 24 readily available which are the perfect palette for products which want to reflect their Australian environment.

With the SD9 sliding security hardware, the Austral Lock patio range becomes a secure solution for homes.

Yarra View Edge

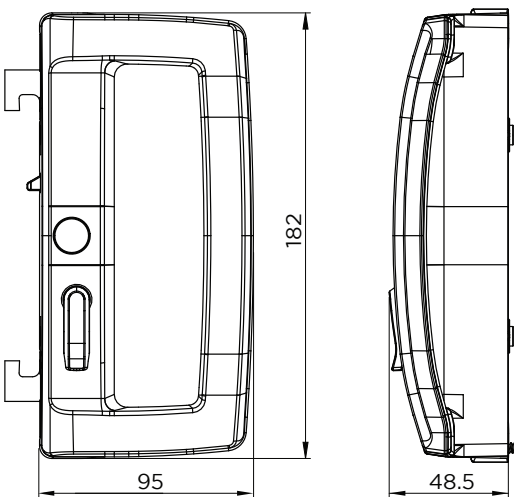

Surface Mount Patio Sliding Door Lock

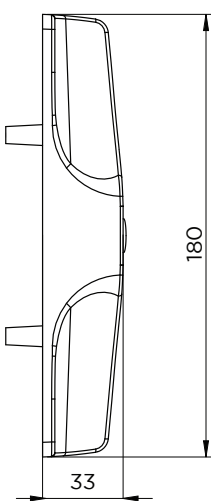

Catch

Inner D pull

Outer pull

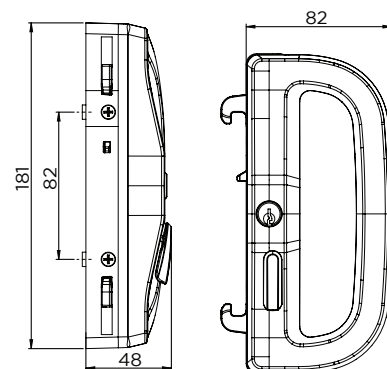

- Twin counteracting beaks engage an all-metal catch plate, providing resistance to jemmying & restraining door being lifted from its rails
 - Self-adjusting catch plate automatically compensates for building movement & door carriage wear, to ensure correct latching after continued use
 - Anti-slam plunger prevents door being shut with beaks extended, avoiding damage to beaks & catch plate
- Fits industry-standard three-hole cutouts
 - Suits left-closing & right-closing doors (lock unhandled)
 - Fits wide range of door stile thicknesses from 21.3mm to 46.4mm
 - A range of outer pull designs are available for various applications
 - Can be used with other outer pulls listed under Yarra Ridge accessories (see p7)

Series	Outer Pull		Inner D Pull		A	A	A	Catch Plate		A	A	Colour
