

**Austral Lock**  
BY GAINSBOROUGH

## Universal Multipoint Kits

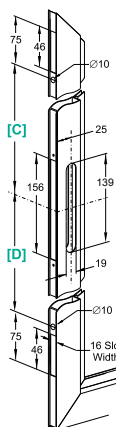

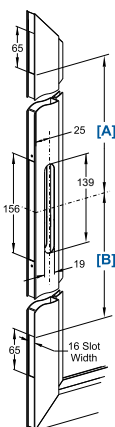

Suitable for all door preparation templates, meaning you can use Austral Lock every time, with no change to setup

- Designed and manufactured in Australia
- Fit all industry standard cutouts for easy retrofitting
- Compatible with Austral Lock SD7, SD9, Elegance, Ultimate and Forge hinged and sliding security door locks
- Available in rattle free, and easy to install cable kits or rod kits in standard or custom lengths
- Designed to match cutouts on other security multipoint products in the market
- Adjustable, retro fit rod kits are also available so you can go to the job, inspect, fit Austral Lock and the job's done in one visit!
