Austral Lock
BY GAINSBOROUGH

TriSecure™ technology for automatic latching,
and secure triple locking at the push of a button

Gainsborough's Mode Smart Security Screen Door Lock is compatible with Austral Lock's TriSecure™ Multipoint Lock Kit which uses two remote locks that automatically engage without rotating the lever, and lock via an internal button.

SMART SECURITY SCREEN DOOR LOCK:

- Fits industry standard security door cutouts
- 18-25mm door thickness

Austral Lock
BY GAINSBOROUGH

Addition of the TriSecure™ Multipoint Kit ensures the top and bottom remote locks automatically latch when the door closes. The internal privacy button on the Mode Security Screen Door Lock then provides triple point locking.
